

A drawer full of creativity!

Preschoolers love to design their own art! Keep 'their' drawer stocked, and choose one that is at the child's level. My grandsons' go straight to the drawer when they come for a visit. We keep crayons, colored pencils, different kinds of tape, markers, poster paint, paper of different colors and sizes, ribbons, stickers, scissors, play dough (home made of course), etc. Leftover cards, paper rolls, bags, tags and other recyclables add to the experiences. On birthdays and holidays the grandboys make presents out of the art drawer materials. What a treasure. But be prepared to model whatever garment they make you!
