

Traffic sign bingo

The very first rule of bicycle safety is to obey all traffic signs and signals.

What better way to teach children traffic signs and their meanings than by playing a game!

1. Print these bingo cards and give one to each player.
2. Pass out pieces to cover individual signs on their boards.
3. Call out the meaning of a traffic sign. If children have the corresponding sign, they cover that spot.
4. **The first player to cover the board wins!**
